Future of Neighbourhood Group

- Wondering about the future of KHNG
- Feeling like this (level of participation at meetings) is not OK
- People don't seem to want any more volunteer commitments in this neighbourhood
- Feels like everything has been tried
- Wondering if we collected any new contacts via the Movies in the park event – yes 5
- One family offered to help next year
- Noted that Jennifer Maddock only received 2 surveys back from the current members of the groups and she wanted to help with this problem
- Perhaps the future of the group is to meet less often, make an annual plan of events and hold three events a year
- Maybe this meets the needs of the neighbourhood
- Tammy is happy to continue helping with events

Meeting Minutes

Holiday Social

- Easy to plan
- Meet in October to discuss possible dates for social – October 22nd instead of usual day to avoid apple day
- December 2nd and 8th look good at the moment
- Discuss with restaurant owner too

School Open House

- There is a new principal – seems very open to help with NG
- Noted that there may be an option to partner with the school council
- During the open house the community room should be open
- people should be here with refreshments and information
- A- Frame could go up in hallway to point the way
- Leone to ask principal about open house options

Scouts About

- Leone has contacted all parents to let them know
